

Dear FCC:

Just to let you know that I am extremely pleased with XM Satellite radio. I have been a subscriber for 3 years now. XM Satellite Radio gives me the variety and programming reliability that I need in listening to radio broadcasting while driving in my car to and from work every day. I also utilize the traffic reports that are provided for the Orlando, FL area before hopping onto the I-4 interstate.

I pay for this service and it should not be up to the Nat'l Assoc of Broadcasters to dictate what I am allowed to hear on my XM Radio.

As sugc, I respectfully urge the FCC to reject the NAB's petition 04-160.

Thank you,
Carl Marco
